

Free Recycling, Reuse Credits and Service Fees

Our mission as a non-profit is to increase computer access and literacy for people in need. This program is how we ‘harvest’ enough retired corporate tech to help thousands of people every year.

While desktop and laptop computers are primarily what we seek – we are licensed to manage all kinds of electronics - many of which bring unforeseen value to the mission - so we offer to accept ALL your retired tech for reuse and recycling. We can even reuse (and need) laptop bags!

This gives you a sustainable and secure one stop service where we take on all the work of retiring these assets so your IT department can focus on its mission – the tech in service that runs your organization.

We also participate in **Maine Product Stewardship Program** a take-back law that allows us to pass recycling costs on to manufacturers for specific devices received from Maine public K-12 school, household or business/nonprofits with under 100 employees – refer to the **MPSP** column below.

All other entities refer to the ‘OTHER’ column

Devices we can process for FREE regardless of condition:

- Desktop and Laptop Computers
- Servers and Rackmount Network Appliances

Devices that are in good condition and meet our reuse standards are also processed for FREE:*

- Flat panel monitors over 19” with stands
- Newer networkable Dell and HP desktop laser printers (other makes considered)
- OEM sealed toner, clean laptop bags and OEM operating discs (Windows 10+)
- Many other things on a case by case basis

Devices that are reusable, complete in good condition that we give REUSE CREDITS for:

Laptops, I 5 or 7 series, gen 6+	Up to (\$18/ea)
Laptops I series, gen 3-5	Up to (\$5/ea)
Windows Tablets, i5 or 7, gen 6+	Up to (\$18/ea)
Micro Form Factor Desktops, I 5 or 7 , gen 6 +	Up to (\$10/ea)
Small –Mid Form Factor Desktops, I 5 or 7, gen 6 +	Up to (\$5/ea)

Materials we cannot reuse that have a cost to process:

	OTHER	MPSP
CRT TVs or Monitors, Flat Displays missing stands, damaged or < 19”	\$.40/lb	FREE
Desktop printers not mentioned above	\$.25/lb	FREE
Large printers, consumer devices and other mixed electronics	\$.25/lb	\$.25/lb
Non reusable tablets	\$1/ea	\$1/ea
Loose batteries and other universal wastes	CALL	CALL

Data Security and Destruction Services (NIST800 compliant processing)

Drive Sanitization and Reuse (validated secure erasure, forensic sampling)	FREE
All other Drives – physical destruction, shredding, metals refining	\$6/ea
Magnetic media - degauss, shred (1 LTO tape or 10 3.25" floppies)	\$5/ea
Optical Disk and Flash media (SIM, SD, Thumbdrives, M.2) 2mm shred	\$10/lb

On Site Pack and Ship Services (first 1/2 hr on site included for loading)

Waterville Area	\$50
Other ME, NH, MA locations (exclusive trip - does not include tolls)	\$1.50/mi
Other ME, NH, MA locations (shared, prorated trip + tolls)	\$.75/mi
Additional On Site Support – when more than one specialist or more than ½ hr is needed on site	\$50/mh

Optional Services

Asset Tag Recording (results appear with device type and serial in report)	\$.25/tag
Retired Tech Locker Rentals (our secure large bins on wheels)	\$25/mo

Included Standard Services (default level of service, no cost to you)

- GPS monitored transport of materials (on site pickup)
- Secure chain of custody from pickup through data destruction
- Professionally monitored storage and process facility, 24/7/365 surveillance, access controls
- Certified waste processing for all waste electronics
- Data security screening for potentially sensitive media in all devices
- NIST 800 based FISMA, CJIS, HIPAA, GLBA and DoD Data Destruction process and reporting
- Certification of data destruction
- Certification of recycling
- \$1M Tech errors and omissions liability coverage
- \$1M General business liability coverage
- Detailed serialized recording and reporting
- MEDEP/EPA Regulatory universal waste manifest reporting
- Waste diversion & sustainability (Green) reporting
- Data breach reporting (HIPPA, Phi, PCI, GLBA)

*Reuse standard include device age, functionality, completeness and cosmetic condition. Reuse credits are intended to reduce or neutralize service fees up to 'net sum zero' but are not cash credits if a negative fee total (more credits than service fee debits) occurs. Fees subject to change without notice.

Non acceptable materials: Bloated or leaking batteries, things containing liquids, gasses, refrigerants, nuclear source, bio-hazards or other materials NOT normally associated with electronics. All loose batteries must be prepared and packaged according to 49 CFR before pickup or transportation.

“Where does your retired IT go?”

***Converting retired corporate tech
Into tools and opportunities for people since 2002***

www.givelTgetIT.org - (207) 338-4233 - info@givelTgetIT.org

Example of fees associated with a single batch of retired corporate tech...

Shared Prorated Pickup of Materials in Portland, Maine	\$78.50
1 photocopier, 300lbs, @\$.25/lb	\$75.00
Hard drive from this photocopier cannot be reused: physical destruction	\$6
20 older desktop PCs that cannot be reused	FREE
20 hard drives pulled from these desktops: physical destruction @ \$6/ea	\$120
20 flat panel monitors in reusable condition	FREE
5 newer reusable desktop PCs, REUSE CREDIT of \$5/ea	(\$50.00)
16 older laptops, not reusable	FREE
8 of the drives from these laptops were sanitized for reuse	FREE
8 of the drives from these laptops had errors and so were destroyed @ \$6/ea	\$48
3 boxes of miscellaneous electronics, \$.25 @ 142 lbs	\$35.50
12 newer reusable laptops, complete in good condition, REUSE CREDIT @ \$18/ea	(\$196.00)
4 reusable micro PCs, drives sanitized for reuse = REUSE CREDIT @ 10/ea	(\$40.00)
Small box of optical discs, thumb drives and SD cards destroyed: 1.8 lbs @ \$10/lb	\$20.00

SUMMARY -----

80 Devices weighing 1,346 pounds collected on site, screened for data, data destroyed, serial recorded and reported, destruction certified, 20% of material diverted to community benefit: Enough personal computers to help 21 people/families in need

ACTUAL Total Cost to you (Service Fees less Reuse Credits)	\$97.00
ACTUAL Total Cost per Pound (\$97/1346lbs)	\$.07

FOR COMPARISON: *The cost of a landfill waste dumpster averages \$.21/lb* \$282.66
